# HOW THE FUNERALPLAN BOND WORKS

---

## What is the FuneralPlan Bond?

The FuneralPlan Bond is a type of life policy, commonly referred to as a funeral bond or funeral policy, whereby your benefit becomes payable on death and must be used to meet the cost of your funeral expenses.

---

## Eligibility

Eligibility to contribute is not restricted by health or age (other than being at least 16 years of age).

---

## Single or joint applications

A FuneralPlan Bond can be held in single or joint names. Importantly, if a policy is held jointly the benefit can only be used to provide for a single funeral. Upon the death of one joint owner, the surviving owner must choose within 30 days to either continue the FuneralPlan Bond, or have the benefits paid towards the funeral expenses of the deceased.

Couples who receive any Government means-tested benefit should consider opening individual FuneralPlan Bond policies if they wish to set aside an amount up to the 'exempt funeral investment threshold' to meet the reasonable cost of their funeral expenses or cover the cost of both funerals.

To ensure the funeral expenses of both joint applicants are provided for, you should consider opening individual FuneralPlan Bond policies.

---

## Minimum contribution

You can start a FuneralPlan Bond with a \$500 initial contribution (or \$100 with an Instalment Plan), and make regular instalments of \$50 per month.

---

## Maximum contribution

No maximum contribution limit applies if you decide to enter into a pre-paid funeral contract with a funeral director. However, the total amount you contribute should be reasonably commensurate with your expected funeral expenses – this is a tax concession condition. If you receive a means-tested Government benefit, the total amount you contribute should not

exceed the 'exempt funeral investment threshold', currently \$15,000. For more information on potential social security advantages, please refer to the 'Tax and Social Security advantages' section.

---

## You can use your funeral bond with a pre-paid funeral contract

The FuneralPlan Bond offers flexibility to nominate or assign your funeral bond to a funeral director in conjunction with a pre-paid funeral contract.

A pre-paid funeral contract is an agreement between the funeral director and the beneficiary to provide certain funeral services at an agreed price when the funeral service is required.

You can choose to make your pre-paid funeral contract payments in one lump sum amount or by regular instalments. Instalment payments must be made at the agreed times to avoid any consequences specified in your pre-paid funeral contract.

It is important to tell your family, or the executor appointed under your Will about your pre-paid funeral contract and your chosen funeral director so that they are aware of your arrangements.

---

## Assignment of the FuneralPlan Bond

Your FuneralPlan Bond policy may be assigned to a funeral director but must be in conjunction with a pre-paid funeral contract. The assigned funeral director becomes the owner of the policy and is therefore able to receive the benefit payment directly upon death to meet the cost of your funeral expenses.

If your assigned funeral director is unable to provide the services under a pre-paid funeral contract, your policy can be used to pay for alternative funeral services in conjunction with the executor of your estate.

Whether you choose to nominate a preferred funeral director or assign your policy, the payment of benefits will be made only when we receive satisfactory evidence that the funeral service has been completed.

Alternatively, you may invest in the FuneralPlan Bond with an option of nominating a funeral director at a later date.

## Assignment option comparison

FUNERALPLAN BOND

## Investment options

You can choose to invest in one of three investment options.

The Capital Guaranteed investment option guarantees the return of your net contributions and declared bonuses, while the Conservative and Moderate investment options are linked to financial market performance which may provide higher returns.

Before choosing an investment option please read the 'Understanding which investment option is right for you' section.

However, if you assign the membership and ownership of your policy to a funeral director, the investment choice in respect of the investment options will be made by the funeral director. The funeral director will bear the risks relating to the investment choice, as the funeral requirements that you have chosen must be provided by the funeral director, irrespective of the value of the account at the relevant time.

CAPITAL GUARANTEED	CONSERVATIVE	MODERATE
Is more likely to suit an investor whose main focus is the protection of their net contributions and declared bonuses.	Is more likely to suit an investor who seeks to increase the value of their policy, and outperform the Capital Guaranteed option through returns from a combination of income and capital growth.	Is more likely to suit an investor who seeks investment options that aim to outperform the Capital Guaranteed and Conservative options.

## You cannot withdraw any money from your policy

The FuneralPlan Bond is designed for the sole purpose of meeting your future funeral expenses. You cannot withdraw any money from your policy prior to death.

**It is important to tell your family or the executor appointed under your Will about your FuneralPlan Bond or pre-paid funeral contract so that they are aware of your arrangements.**

# TAX AND SOCIAL SECURITY ADVANTAGES

---

## How your investment is taxed

Tax on investment income is paid within the benefit fund at the current corporate rate of 30%.

---

## FuneralPlan Bond tax benefit

The FuneralPlan Bond is a tax paid investment. A tax concession comes about because Lifeplan is entitled to claim a deduction for the investment income component of a funeral benefit when paid. Through this deduction, we expect to recover the tax paid on the investment income over the period of the funeral bond and will include its value in the benefit paid to you. Payment of the tax benefit is subject to sufficient assessable income being available for the deduction to be claimed. The value of any tax recovered by us is referred to in this document as the 'FuneralPlan Bond tax benefit'.

---

## How does this affect you?

You do not need to include the amount of bonuses or investment returns in your personal tax return.

If you do not transfer your entitlement of your funeral bond to a funeral director, then upon your death the benefit will be paid to your estate. The growth component of your benefit (being the difference between your benefit and your net contributions) will be assessed in the hands of your estate – but only in the year of payment. Your executors will receive a tax statement showing the assessable growth component to assist them in completing the estate tax return.

## How does this affect you if you have taken out a pre-paid funeral?

If you have assigned your policy to a funeral director in conjunction with a pre-paid funeral contract, then the benefit paid after your death will be assessed in the hands of the funeral director.

---

## Social Security advantages

Your age pension, service pension or any other means-tested Government pension or allowance is not impacted and could be enhanced by your investment in the FuneralPlan Bond, subject to the contributions maximums.

Under current laws, your investment in the FuneralPlan Bond (including allocated bonuses or investment returns) is designed to be exempt from both the assets test and deeming provisions of the income test for individuals in receipt of the age pension, service pension or any other means-tested Government benefit.

We recommend you contact the Department of Human Services (including Centrelink) or the Department of Veterans' Affairs who will be able to advise you of your continued entitlements.

## **Contribution limits for social security purposes**

### **If you have not assigned your FuneralPlan Bond**

If you have not assigned your entitlement to a FuneralPlan Bond to a funeral director, the exempt status of your investment requires the total amount of contributions to the FuneralPlan Bond, and up to one other funeral bond, to not exceed the prescribed 'exempt funeral investment threshold'.

For the 2023-2024 year, the threshold is \$15,000. This threshold is generally indexed to the CPI on 1 July each year. For up-to-date information about the exempt funeral investment threshold, visit the website of the Department of Human Services or the Department of Veterans' Affairs.

You may make a top-up contribution, so long as your new total contribution amount does not exceed the latest indexed threshold.

### **If you have assigned your FuneralPlan Bond**

If you have assigned ownership of your FuneralPlan Bond policy to a funeral director, no maximum contribution limit applies. However, the total amount you contribute should be reasonably commensurate with your expected funeral expenses – this is a tax concession condition.

## **Laws may change**

The social security and tax information provided in this document is current at the time of its preparation and is only intended to provide general guidance on how Australian social security and tax laws may affect a contributor to the FuneralPlan Bond. These laws may change from time to time. You should seek independent tax and/or financial advice relevant to your particular circumstances.

## **Goods and Services Tax (GST)**

GST will not apply to your FuneralPlan Bond investment or to the benefits payable on death. However, the provision of funeral services by a funeral director may be subject to GST. The GST component of a pre-paid funeral is required to be paid to the Australian Taxation Office upon establishment of the pre-paid contract. You should discuss the application of GST with your funeral director.

# START YOUR FUNERALPLAN BOND

# FEES AND OTHER COSTS

## DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

## TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the investment option as a whole.

Taxes are set out in the 'Taxes and Social Security advantages' section.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

### Example of annual fees and costs for a Capital Guaranteed investment option

The following table gives an example of how fees and costs in the Capital Guaranteed option for this product can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products. The following example assumes an initial investment balance of \$10,000 in the Capital Guaranteed option and an additional contribution of \$100 at the end of the year which has a negligible impact on the total management costs.

CAPITAL GUARANTEED INVESTMENT OPTION	INVESTMENT BALANCE OF \$10,000 WITH TOTAL CONTRIBUTIONS OF \$100 AT END OF THE YEAR	
Contribution fees <sup>1</sup>	NIL	For every additional \$100 you put in, you will be charged \$0.
<b>PLUS</b> Total management cost	1.50% <sup>2</sup>	<b>And</b> , for every \$10,000 you have in the investment option, you will be charged \$150 each year.
<b>EQUALS</b> Cost of investment option		If you had an investment of \$10,000 at the beginning of the year and you contribute an additional \$100 at the end of that year, you will be charged fees of  <b>\$150</b>  What it costs you will depend on the investment option you choose and the fees you negotiate.

1. Additional fees and costs may apply. For the above example, an Investing Transaction Cost is not applicable to the Capital Guaranteed option.
2. Management costs are made up of a management fee of 1.50% and estimated indirect costs of 0.00%

## Additional explanation of fees and costs

### Management costs

Management costs for each investment option comprise a management fee, recoverable expenses and indirect costs. Further information about recoverable expenses and indirect costs are set out below.

The table below provides a summary of each investment option's estimated management costs which are expressed as a percentage of the net asset value for the Capital Guaranteed investment option and the gross asset value for the Conservative and Moderate investment options. The figures in the table relate to the 12 months to 30 June 2023.

OPTION	MANAGEMENT FEE P.A.	OTHER ESTIMATED INDIRECT COSTS	TOTAL ESTIMATED MANAGEMENT COSTS P.A.
Capital Guaranteed	1.50%	0.00%	1.50%
Conservative	1.00%	0.00%	1.00%
Moderate	1.25%	0.13%	1.38%

### Indirect costs

Indirect costs are generally amounts that FuneralPlan knows, or estimates, will reduce a Fund's returns. They refer to fees and other management costs arising from the underlying funds, which are incurred in implementing their respective investment strategy.

Estimated indirect expenses are between 0.00 and 0.13%. The costs are paid from a Fund's assets, or the assets of underlying funds in which a particular investment option may invest from time to time. The appointed investment manager(s) are entitled to be reimbursed directly from any underlying portfolio they manage, a range of ongoing operating expenses (such as audit, taxation advice and offer documents).

### Investing Transaction Costs

When you invest or switch into an investment option, an Investing Transaction Cost (ITC) is incurred to recover the cost of brokerage and certain other costs of investing incurred by the investment option(s).

It is not a cost retained by FuneralPlan. The cost is a percentage deducted from your investment or switch amount:

- Capital Guaranteed investment option: 0.00%
- Conservative investment option: 0.20%
- Moderate investment option: 0.30%

The Investing Transaction Costs for each investment option may change from time to time. Details of current Investing Transaction Costs can be obtained from [fpmanagement.com.au](http://fpmanagement.com.au)

### Recoverable expenses

We are entitled to reimbursement for, or have an investment option pay, all expenses and taxes we may incur in the proper performance of our duties. Recoverable expenses are expenses generally incurred in the day-to-day operation of an investment option and include, for example: registry costs, legal, custodian services, compliance and related administration functions, accounting, printing, audit and asset management fees. The amount recovered periodically may vary.

Under certain circumstances we have the right to seek reimbursement of any additional, extraordinary expenses that may arise from time to time.

### **Adviser service fee**

You may instruct us to pay a one-off adviser service fee for the provision of advice and services. This is not a fee payable to us. The adviser service fee can be charged as a set dollar amount and is deducted from your initial contribution amount before investing into your FuneralPlan Bond.

For example, you agreed to pay your financial adviser an adviser service fee of \$100 and make an initial investment of \$5,000. The adviser service fee of \$100 will be deducted from your initial investment amount; consequently \$4,900 will be invested into your FuneralPlan Bond account.

### **Changes to fees**

We may change the fees and costs specified in this PDS or introduce new fees or costs at any time at our discretion in accordance with the governing rules of the applicable benefit funds. Fees may increase or decrease for many reasons, including changes in the competitive, industry and regulatory environments or simply from changes in costs.

The governing rules of the FuneralPlan Bond provide for:

- the contribution fee, establishment fee, withdrawal fee, termination fee and switching service fee to be set at a level determined at our discretion. The current levels of those fees are shown in the table in the 'Fees and other costs' section.
- a maximum management fee of 4% p.a. (of the daily gross market value) for each investment option. This maximum is provided for your information only and is not the current fee charged.

**We will give investors at least 30 days' notice if we increase fees.**

### **Dishonour fees and costs**

Dishonour fees may be charged when there are insufficient funds in your Australian financial institution account to meet an Instalment Plan direct debit, resulting in the contribution being dishonoured.

### **Stamp duty and other Government charges**

Stamp duty may be payable in some States on establishment or transfer of a FuneralPlan Bond policy. Stamp duty may also be payable in some States on transfer or assignment of your FuneralPlan Bond. The applicable rates depend on the relevant State. Stamp duty is currently absorbed by us.

# UNDERSTANDING WHICH INVESTMENT OPTION IS RIGHT FOR YOU

---

The nature of a funeral bond policy means that once an investment has been made it cannot be withdrawn. The policy must remain open until the funeral has taken place. The date the policy will terminate cannot be known or controlled, so the choice of investment option is very important. Understanding the level of risk in each investment option will help you make that choice.

If your policy ownership is assigned to a funeral director, your funeral director will make the investment choice.

The risks of investment choice are assumed by the funeral director, as the funeral director is required to provide the funeral services that you have chosen, irrespective of the account value.

The following information is provided for each of:

- a) those who do not choose to assign ownership to a funeral director, and
- b) a funeral director who has accepted the terms of the assignment of ownership.

When considering risk, you should think about it in terms of a likely time frame: short, medium and long term.

For example, a low risk investment option such as Capital Guaranteed investment option can have a low risk level in the short term, and no risk of capital loss. However, since the policy may remain open longer than originally anticipated, the risk is the value of the policy may not keep pace with inflation or may not generate the level of growth in the policy value compared to other investment options.

Conversely, if the death of the member occurs earlier than anticipated the realised value of the account, if invested in the Moderate investment option, may be affected by short term volatility of investment return.

All investments involve some risk and some investments are considered riskier than others. Below is a summary of the main risks that may affect your investment. You should consider these risks before investing:

- **Market risk** – changes in market performance such as economic activity, interest rates and world events could adversely impact your investment returns.
- **Security risk** – your investment in securities, such as shares and property, could be impacted positively or negatively by unexpected changes in company management or the business environment.
- **Interest rate risk** – fluctuations in interest rates can impact all security and asset classes, in particular cash and fixed interest investments. If interest rates are higher than that on fixed interest investments, your return may not be as competitive.
- **Inflation risk** – inflation may erode the purchasing power of your money (this means that your investment may not keep up with the future costs of funeral expenses).
- **Liquidity risk** – refers to the ease with which a security or asset can be bought or sold in the market place. Where a security cannot be sold quickly, it may need to be sold at a discount to attract buyers, therefore impacting its value and return on your investment.
- **Regulatory or taxation risk** – changes to government policies that may impact the tax treatment of your funeral bond and its underlying investments.

These investment risks could have the following impact on your investment:

- the potential for the Conservative and Moderate investment options to record a value less than the net contributions made;
- the return for the Conservative and Moderate investment options may vary significantly from year to year;
- the return to the policy may be less than expected;
- the rate of inflation may be greater than the value of the investment return;
- death can occur sooner, or later, than the planned investment timeframe.

## How investment risk is managed

The appointed investment managers of the underlying portfolios of each investment option are unable to eliminate all investment risks, but they do analyse, manage and aim to reduce the impact of risks through the use of carefully considered investment guidelines. Investment managers seek to spread the risk of each underlying portfolio across different investments and sectors, as diversification can achieve long-term objectives while reducing the impact of short-term volatility.

## You choose your investment option

We offer three investment options to choose from before deciding where to invest, you should consider a range of issues including the following:

- the risks of investing;
- your age, health and personal factors; and
- the anticipated costs of your desired funeral.

The key features of the three investment options are summarised:

FEATURES	CAPITAL GUARANTEED	CONSERVATIVE	MODERATE

# HOW YOUR MONEY IS MANAGED

## Investment manager

We have appointed Australian Unity Funds Management Limited ABN 60 071 497 115 AFSL 234454 ('AUFM') as investment manager for the investment options. AUFM may invest the benefit funds' assets into investment portfolios managed by it, by its related entities and external investment portfolios.

## What investments can the FuneralPlan Bond hold?

In order to provide your benefit, the governing rules of the FuneralPlan Bond provide us with discretion to choose investments (within the prescribed parameters) that may be held by the investment options. Investments may be held directly or indirectly via managed

investment schemes. If financial derivative instruments are permitted, these will only be used for hedging purposes. The governing rules of the FuneralPlan Bond do not permit us to borrow on behalf of the Fund.

We manage and operate the FuneralPlan Bond in the best interests of members and to do this it is sometimes necessary for us to:

- add to or remove from the range of investments in which each of the investment options may invest; and
- change the investment approach used by the investment options.

We will notify investors of any material change as soon as required by law.

The minimum and maximum allowable asset allocation ranges are outlined in the table below:

ASSET CLASS	CAPITAL GUARANTEED %	CONSERVATIVE %	MODERATE %
Cash & short-term securities	0-100	0-100	0-100
Fixed interest	0-100	0-100	0-100

International shares	-	0-30	0-40

Other investments (growth)	-	0-30	0-40
<b>Total growth assets</b>	<b>0</b>	<b>0-30</b>	<b>0-40</b>

Up-to-date information about the FuneralPlan Bond, including current asset allocation and performance will be made available at the website [fpmanagement.com.au](http://fpmanagement.com.au).

# HOW ARE INVESTMENTS VALUED?

---

## Managing your investments

When you invest, depending on your investment option, you are allocated units that represent your interest in the selected investment options. We pool your investment with the investments of other investors and process them into the underlying investment option. The appointed investment manager will buy and sell assets on behalf of each respective investment option.

---

## The Capital Guaranteed investment option

When investing in the Capital Guaranteed Investment option your account balance will reflect the value of all contributions plus any bonuses credited to your account.

As at 30 June each year, we declare a rate of return (called a bonus rate) that takes into account the investment income over that financial year, tax on that income, the requirement to maintain sufficient reserves to support the capital guarantee and ongoing fees and expenses. The value of your bonus is calculated on your daily investment balance in the benefit funds and is allocated to your investment as at 30 June each year. The bonus is allocated to your account balance so that you benefit from the effect of compound interest (interest earning interest).

An interim bonus rate is used for any period where a payment is made prior to an annual bonus declaration.

The interim rate is set by us based on actuarial advice and is a conservative estimate of the anticipated earning rate of the FuneralPlan Bond.

## Your investment in the Capital Guaranteed investment option is guaranteed

We guarantee to pay your net contributions and declared bonuses, excluding any FuneralPlan Bond

tax benefit. Our Capital Guaranteed investment option is supported by separate reserves that we are required to maintain in accordance with legislation and on the advice of an independent actuary. These reserves are built up from the investment earnings before any bonus is allocated or we receive a management fee. We do not guarantee the level of future investment performance, which will fluctuate from year to year.

## The Conservative and Moderate investment options

For the Conservative and Moderate investment options the value of units changes to reflect the value of the underlying investments. As the value of the underlying assets held in the investment options can rise and fall, so too will the unit prices and the value of an investment.

Valuations are usually undertaken each business day. A unit price is calculated by taking the close of business day total market value of the assets held in each investment option, less ongoing costs, taxes and any other relevant expenses, divided by the total number of units allocated to investors. This process is generally completed within two (2) business days. Unit pricing is conducted on a 'forward' basis which is considered industry best practice.

This means we use the next applicable valuation after the processing time of your application, switch or benefit payment. This minimises exposure to market timing practices, that is, where an investor gains from price movements known but not yet reflected in the unit price. If we consider it appropriate to do so, we may calculate unit prices more or less frequently than daily or may suspend the daily calculation of unit prices. We calculate one unit price for each of the Conservative and Moderate investment options. We do not calculate different entry and exit unit prices as some products do, but may do so in the future if we consider it appropriate.

### **Delays or suspension of processing transactions or unit pricing**

We may temporarily delay or suspend processing of investment applications, switches, and/or calculating unit prices on any business day as a result of any of the following:

- normal accounting practices around half-year (December) and end of financial year (June);
- financial markets are closed or in other extraordinary circumstances;
- we are unable to obtain a price for valuation purposes;
- an appointed investment manager delays or suspends transactions and/or unit pricing;
- there are liquidity issues in the investment option, the underlying portfolio or financial markets; or
- other events outside of our control that impact our ability to accurately calculate a unit price.

# PAYMENT OF BENEFIT

---

## How can a benefit payment be claimed?

To claim your benefit (when you have not entered a pre-paid funeral contract and assigned the benefit), the legal representative of your estate or nominated funeral director must provide us with the completed Claim Form, necessary supporting documentation and evidence of death. Upon receipt of the required materials, we will process the claim and pay the proceeds of your benefit to the legal representative of your estate or your nominated funeral director. If we receive the completed claim and all necessary supporting documentation prior to 2:00pm on a Melbourne business day, your benefit will be processed at the value as at the close of business that day. Claims received after this time will generally be processed at the value as at the close of business the next business day. If you have not assigned a funeral director, any residual funds will be paid to the estate upon receiving satisfactory evidence that the funeral service has been performed.

---

## FuneralPlan Bond in conjunction with a pre-paid contract

If you invest in a FuneralPlan Bond in conjunction with a pre-paid funeral contract, we will pay the benefit directly to your chosen funeral director, upon receiving satisfactory evidence that the funeral service under your funeral contract has been completed.

If your chosen funeral director is unable to provide the services under a pre-paid funeral contract, your FuneralPlan Bond can be used to pay for alternative funeral services in conjunction with the executor of your estate and in accordance with the specified conditions under the pre-paid funeral contract.

The provision of the specific arrangements under a pre-paid funeral contract is the responsibility of the funeral director.

---

## Assigning your rights to a funeral director

If you enter into a pre-paid funeral contract with a funeral director, you can assign your FuneralPlan Bond benefit entitlement to a funeral director or to an approved trustee (i.e. a trustee that will hold monies pursuant to a pre-paid funeral contract for payment to your funeral director in accordance with the pre-paid funeral contract).

If you assign your interest in the FuneralPlan Bond to a funeral director or trustee, you pass the benefit fund entitlement, including membership in the benefit fund, to the assignee. You may not assign your benefit fund membership rights and benefit entitlement to any other person.

If you are a member of Australian Unity Limited (AUL) upon assignment you will cease to be a member of AUL. The assignee is not eligible to become a member of AUL (refer to the 'Your relationship with Lifeplan and Australian Unity Limited' sections).

To assign your membership rights and benefit entitlement, complete the FuneralPlan Bond 'Assignment of Ownership (with a Pre-paid funeral contract)' section of the application form.

---

## Nominating a funeral director

You may nominate a funeral director to receive your FuneralPlan Bond benefit entitlement. You may not nominate any other person. We will pay the FuneralPlan Bond benefit entitlement to the nominated funeral director upon receipt of satisfactory evidence of completion of funeral services. Any residual funds will be paid to the estate upon receiving satisfactory evidence that the funeral service has been performed. You will retain your membership in the benefit fund and AUL (if applicable).

---

## Changing your nominated or assigned funeral director after you have entered into a pre-paid funeral contract

An assigned FuneralPlan Bond may only be re-assigned, or a nominated funeral director may only be altered with the consent of the existing funeral director.

Changing your nomination or assignment without first obtaining consent may mean you are in breach of the pre-paid funeral contract, and this may have consequences for you or your estate and for the funeral director who ultimately carries out your funeral service. You should therefore make sure you understand the terms of your pre-paid funeral contract before changing your nomination or assignment.

Any changes must be notified to Funeral Plan Management in writing.

---

## Your relationship with Lifeplan and Australian Unity Limited

On acceptance of your application in the FuneralPlan Bond, you will become a member of the Tax Minimiser Funeral Bond Fund (Capital Guaranteed investment option) or the FuneralPlan Bond Fund (Conservative and Moderate investment options). After two continuous years following acceptance of your application in the FuneralPlan Bond, you are eligible to become a member of AUL subject to acceptance by AUL, provided you retain the FuneralPlan Bond for that period.

You will be taken to have applied for and have consented to become a member of AUL. Membership of AUL is subject to the rights and obligations set out in the constitution of AUL which operates as a contract between AUL and its members.

If you assign ownership in conjunction with a pre-paid funeral contract, both your membership in the Benefit Fund and AUL membership (if applicable) will be assigned to the assignee that you have selected.

The provision of the specific arrangements detailed under a pre-paid funeral contract is the responsibility of the funeral director.

## How is Lifeplan regulated?

Lifeplan is registered as a Life Company under the Life Insurance Act 1995. The operations of Lifeplan are governed by its Constitution (which may be amended from time to time), the Corporations Act 2001 (Cth) and the Life Insurance Act 1995.

Lifeplan is regulated by the Australian Prudential Regulation Authority under the Life Insurance Act and the Australian Securities and Investments Commission under the Corporations Act.

As an Australian financial services provider operating under Australian laws, we are required to comply with a range of State and Commonwealth laws, and with directions and orders of Courts and legal, statutory and Government bodies. We must act in accordance with these requirements including any lawful order to withdraw funds from your Lifeplan Bond account(s) and pay the proceeds as required.

Lifeplan's Constitution contains the Rules that govern the operation of the Tax Minimiser Funeral Bond Fund ('Rule 44') and the FuneralPlan Bond Fund ('Rule 33'). Your investment in the Lifeplan FuneralPlan Bond Capital Guaranteed investment option, FuneralPlan Bond Conservative and Moderate are issued under Rules 44 and 33 of Lifeplan's Constitution.

Lifeplan benefit funds are kept separate and distinct from the other benefit funds and assets held by Lifeplan. This structure means that the assets of each benefit fund are protected from financial matters which could occur to the detriment of Lifeplan and can only be used for meeting Lifeplan's contractual liabilities to investors of the particular benefit fund.

A benefit fund may be terminated in accordance with legislation. Your investment gives you a proportional interest in the assets of each chosen investment option as a whole, but not in any particular asset of the investment option or in any other Lifeplan benefit fund.

---

## Lifeplan's rights under its Constitution

The Constitution provides us with certain rights and powers, some of which have already been disclosed in this document. In accordance with the Constitution, other rights and powers include, but are not limited to the following:

Policies and guidelines are in place to manage the risk of any actual or perceived conflict of interest as a result of a related party transaction. Any fees for these services are included in the management fee for each investment option in the FuneralPlan Bond.

## Labour standards or environment, social or ethical considerations

We do not specifically take into account the investment manager's labour standards or environmental, social or ethical considerations in our selection and retention process. The investment managers have their own policies on the extent to which labour standards or environmental, social, or ethical considerations are taken into account when making investment decisions. These policies are not specifically considered when selecting investment managers.

## Cooling-off period

If you choose to cancel your FuneralPlan Bond you have 30 days to cancel your application, by written notice to Lifeplan.

The cancellation period starts when you receive notification your application has been accepted or five days after your contribution was processed and allocated to your FuneralPlan Bond, whichever is earlier (unless otherwise specified by your State or Territory legislation).

If you cancel during this cooling-off period, you will not incur any exit fees from us, however some States or Territories provide for the funeral director to receive a processing fee determined in accordance with the relevant legislation. Any applicable processing fee will be deducted from your refund and remitted to the funeral director.

In addition, the Conservative and Moderate investment options, will also take into account any applicable investing transaction costs and any movement in the value of your investment. As a result, for the Conservative and Moderate investment options only, the amount refunded to you may be less than your original investment.
